

After School and Holiday Clubs 2016-17 - feedback from parents/carers

"Our daughter loves participating in the shows. She loves the attention and recognition."

"It's a lovely club that continues to help our daughter gain confidence in social situations. The shows are amazing and a rollercoaster of emotions mainly proudness of all the amazing children and staff. Thank you"

"My son enjoys the music, playing with the decks and the interaction with all his friends."

"They're brilliant - keep it up!"

"I think they are run really well and if it wasn't for these clubs my son wouldn't be able to access any others."

After School and Holiday Clubs 2016-17 - feedback from service providers

"I was impressed with the standard of practice and level of care that was delivered by your team. From what I observed, every child's needs or activity was carefully thought out and planned for." - *Jenni Robinson (Child Health & Disability Team - Bournemouth Borough Council)*

"All activities were child-led and despite some quite complex children all worked very well." - *Sue Hall (Team Manager, Child Health & Disability Team, Bournemouth Borough Council)*

CoMotion sessions 2015-17 - Facebook comments from parents/carers

"Definitely an activity worth keeping. It's fab."

"Much enjoyed by the children and the parents. A brilliant activity!"

"My son's 1st time today and he had a great time. He wants to know when he can go again so please keep it going!"

"Please, please, please keep it! My 5 year old son with autism absolutely loves it and it's one of the few things we can access and enjoy as a family."

"It's one of best things I can do with my boys. They love it and so do I."

"It's absolutely fantastic."

" My son keeps talking about the songs and dancing, was so nice to see all the kids enjoying it."

"My little boy loved it, along with his sis on Saturday. Thankyou."

"Definitely keep this please."

"Fantastic session with Comotion on Sat - my boys haven't been for a while and there were lots more people there than what we are used to but the boys loved every minute of it! I think that the fact that the routine of the dances and props was familiar really helped; it was great to see the boys enjoying props/dances they were used to but also how they have progressed in their coordination and confidence since their last session which was some time ago now. The effectiveness of this session really showed during the break when both boys sat really well and calmly drank their drink and ate their snack. There was also a few fleeting moments when they almost played with other children which is sometime I don't get to see very often. The music and activities were perfectly chosen with a mixture of high energy and calming songs, different movements and textures through props and visual stimulation with the 'lights out' and disco lights/lasers at the end; which shows just how well the facilitator understands, responds and provides to the needs and wants of our special children. Well done to all that help make this activity happen - more like this please!"
